

About Digital Driver Licence

Background:

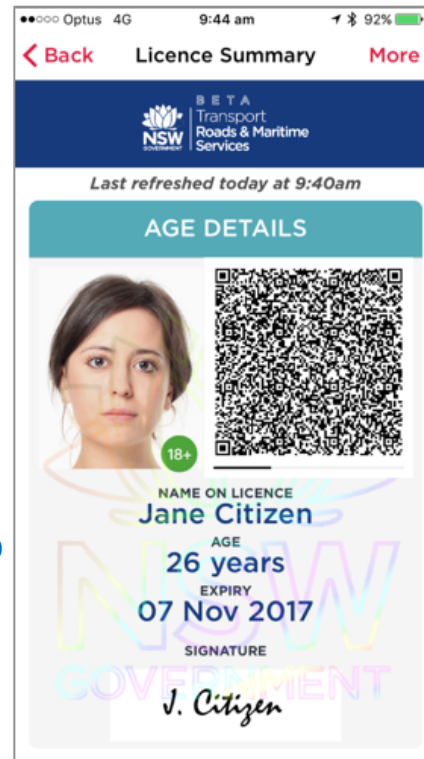

NSW is leading the way in the development of convenient and secure Digital Driver Licence.

A test version of the new Digital Driver Licence is currently being trialed in the regional city of Dubbo by Highway Patrol Police, eight liquor stores, nine hotels and Service NSW. Trial in three clubs will commence on 3rd April. We'll extend the trial to Bondi and Coogee areas from October '18.

Digital Driver Licence will become available to NSW driver licence holders across NSW from April '19.

Age – For Pubs

What to look for:

- Waratah is animated
- Last refreshed date
- Photo matches
- Green 18+ icon
- QR code expires and reloads
- Age in years
- Hologram effect when phone is moved
- Horizontal view when phone is tilted
- Pull down to refresh

Digital Driver Licence (DDL) Trial – FAQs

Who is currently participating in the DDL trial?

Over 1500 Dubbo citizens have registered for the DDL trial with Highway Police, 9 pubs, 5 liquor stores and Service NSW. We are now expanding the trial to RSL Club, Club Dubbo and Macquarie Club as well as some Car Rental companies.

Does the trial of the DDL change any of our normal procedures?

No. The use of the DDLs does not change any existing procedures or practices. If the DDL sign-in is unsuccessful, visitor may need to use a traditional way to sign in (using the plastic driver licence).

Where do I go for help?

Please consult your head office or seek advice via a project support email DDL@finance.nsw.gov.au .
